Hurricane Beryl has moved out of the area and is no longer a threat to Caribbean States that are a part of the Caribbean Disaster Emergency Management (CDEMA) System. Following the passage of Beryl and its impact on ten (10) Participating States, the focus is now on assisting Grenada and its Grenadines of Carriacou and Petite Martinique, and the Grenadine islands of Bequia, Union Island, Canouan and Mayreau in St. Vincent. Assessments continue in Jamaica and the Cayman Islands to determine damage and inform response and early recovery actions.

CDEMA Participating States as well as the regional and international partners continue to support the ongoing response efforts being coordinated through the Regional Response Mechanism (RRM).
Situation Updates from Impacted Participating States

GRENADA

Mainland Grenada
- The State of Emergency has been discontinued for mainland Grenada.
- The National Emergency Operations Center (NEOC) continues to be activated and is coordinating the response to all the affected areas. Continues to provide regular press briefings and information to the public.
- The airport and seaport in Grenada are open.
- Damage assessments continue on the island. A disaster debris clean-up drive was organized for July 6, 2024, in the northern parishes of Grenada.
- Coordinating surge support from the RRM-RNAT supporting initial damage assessment, COST supporting EOC operations at NaDMA and CDRU is supporting Search and Rescue (SAR), preparation of food packages and distribution of relief-aid (909 relief packages) to residents.

Carriacou/Petite Martinique
- The State of Emergency remains in effect for these islands.
- The airport and seaport in Carriacou are operational and accommodating flights and vessels.
- The Jetty at Petite Martinique can be used and relief items have begun to reach the island.
- Travel to Carriacou is by small plane or boat, airstrip is open. Travel to Petite Martinique by boat only. Therefore, the main concern is transport between the mainland and the islands.
- Damage assessments continue on the islands.
- Shelters remain activated. Members of the National Shelter Management Committee visited the following facilities on Carriacou on July 6, 2024: Dover Govt. School, Boggles Pre-school and multi-purpose Centre, Hillsborough Govt. School, L’Esterre Rosary School, Harvey Vale Govt. School, Mt Pleasant Govt. School and Dover Fisheries.
- Relief supplies are being distributed to the affected.
- Communications: Satellite phone service and VHF radio established at the Carriacou DEOC and satellite phone service at Petite Martinique.
- Limited phone and mobile phone service on both islands, but Starlink services have been established on the two islands.
- All workplaces in these islands remain closed.
- A Health Team from the mainland travels daily to Carriacou and Petite Martinique. Other teams are being deployed in a similar way from the mainland in other thematic areas, e.g. agriculture, public health.
- A field hospital has been set up in Carriacou by Samaritan Purse and is operational.
- The RSS contingent has arrived and is stationed on Carriacou.

Priority/Need:
Restoration of services such as water and electricity. Work has begun on erecting a desalination plant to provide potable water to affected residents.
- NaDMA will share an updated needs list this afternoon (8th July).

Needs:
- Additional sleeping cots for shelters- NaDMA has about half of the amount needed, therefore more are needed.
Situation Updates from Impacted Participating States

GRENADA

Guidance from the Government of Grenada on Relief: The Cabinet of Grenada made the following decision 4 July 2024:
- During the period ending 31 July 2024, all relief items coming to Grenada should be addressed to the National Disaster Management Agency (NaDMA). Relief items coming in and addressed to individuals or other organizations will be treated as normal goods except if these are turned over to NaDMA.
- To manage the efficient coordination and logistical arrangements, vessels delivering relief items are advised that Port St. Georges is their first port of entry.

DONATIONS GRENADA

The Government of Grenada will accept cash contributions through the above bank account. Additionally, a needs list has been published above and the Government will accept contributions based on items in the list. Persons interested in making donations are advised to contact the Grenada NEOC at relief@gov.gd to indicate what will be sent before finalising shipping arrangements. Only items on the needs list will be accepted by the Government of Grenada.
ST. VINCENT AND THE GRENADINES

- Ships can enter the mainland seaport.
- A ferry transport schedule has been worked out for daily movement of people and also heavy cargo, between mainland and the islands.
- Recommended that people contact the St. Vincent and the Grenadines Coast Guard, which has been placed in charge of coordinating the shipping.
- Shelters remain activated and providing for the shelterees: Approximately 40 shelters are open with 755 shelterees.
- Relief supplies are being distributed to the affected communities.
- Continues to collaborate with national, regional and international stakeholders in the response efforts.
- Strongly request that partners brief their deployment teams well about the situation before they are deployed.
- Focus is shifting to clean-up, so the needs list has been adjusted to reflect this priority.
- **Priority needs:**
  - Cots especially for Union Island and for workmen to be deployed next week to support clean up.
- **Needs:**
  - Equipment and materials to support clean up.

The Government of Saint Vincent and the Grenadines has expressed a preference for cash contributions and has set up a Disaster Relief Fund. Donations can be sent to the following account:

**Government of St. Vincent and the Grenadines**
Disaster Relief Fund
Bank of St. Vincent and the Grenadines
Kingstown, St. Vincent
SWIFT CODE: NCBVVC22
ACCOUNT No.137741

Situation Updates from Impacted Participating States

Cayman Islands

Preliminary Assessments Reports from Hazard Management Cayman Islands as of July 5th, 2024

- The island was placed under a Hurricane Warning on Tuesday July 2nd, 2024.
- The National Emergency Operations Centre was stood up at 10:00 hours on July 3rd, 2024.
- Hurricane Beryl passed south of Grand Cayman impacting Grand Cayman, Cayman Brac and Little Cayman which all experienced tropical storm force winds and periods of heavy rainfall.
- Seventeen (17) shelters were activated across all three Islands (including at least one Emergency Shelter in every district in Grand Cayman, Cayman Brac and Little Cayman) with over 1,000 persons seeking refuge in the shelters. All shelterees have now returned home.
- The Cayman Islands Regiment was activated to assist with transport of the elderly and others to the emergency shelters and in support of the Emergency Medical Services.
- The damage included fallen trees, and power outages on all three Islands including 3,017 households on Grand Cayman (all customers on all Islands are now restored).
- In the aftermath, the Regiment teams deployed to assist with the initial clearance of road corridors of fallen trees and debris.
- Some damage was done to the electrical transmission system in the Eastern district of Grand Cayman.
- Some road corridors rendered impassable due to sand, debris and tree limbs (all road corridors now clear).
- There was a temporary shutdown of the main water supplies on Grand Cayman to protect infrastructure, but they are now fully restored.
- Ten (10) properties reported damage including some apartments on the Southwest side of Grand Cayman that were severely damaged on the ground floors by wave impacts.
- An assessment of the impact on the agriculture sector is in progress, but there are reports of some likely impact to the mango, plantain and avocado crops.
- The Owen Roberts International Airport is open and operational as on 3 pm July 4th, 2024.
- The “All Clear” was issued at 1 pm on July 4th, 2024.
- All critical Infrastructure including the ports, the hospitals are now fully operational.
Situation Updates from Impacted Participating States

Saint Lucia

Damage and Needs Assessment as of July 3, 2024

- A Hurricane Warning was issued for Saint Lucia on June 30, 2024.
- Hurricane Beryl started affecting Saint Lucia about 5:00am on Monday July 1, 2024, with maximum winds of 120 miles per hour or 195 km with higher gusts. The effects of the storm increased during the course of the day with multiple reports of flooding, infrastructural and housing damage.
- Serious storm surges resulted in extensive damage to the waterfront areas of Soufriere, Laborie and Vieux Fort.
- Hurricane warning which was in effect for Saint Lucia was downgraded to a Tropical Storm warning at 8:00am on July 1st, 2024.
- The Tropical Strom warning was subsequently discontinued at 8:00pm on Monday July 1st 2024.
- No deaths or serious injuries were recorded in Saint Lucia.

Soufriere

- Storm surge and wave action caused notable damages to numerous fishing vessels.
- Preliminary report of at least 26 fishing vessels to date have reported damages.

Praslin, Savannes bay, Aupicon

- Large proportion (70 – 80%) of the seamoss was washed away. 1,747,000 lbs @ 0.40 lbs = $ 698,800.00 XCD

The Livestock Subsector and Crops

- The combined estimated value of damages across the island amounted to $120,000 XCD
- The revenue loss for the banana industry due to the passage of hurricane Beryl is estimated at $3,411,063 XCD for plantain $2,232,660 XCD representing a total revenue loss of 5,643,723 XCD
- Total value of damage to the crop sector as result of Hurricane Beryl is valued at:$617,300.00 XCD

Infrastructure

- The Ministry of Infrastructure, Ports, Transport, Physical Development and Urban Renewal reported some damages around the island to Public buildings, Roads, Rivers, Retaining walls, Bridges and Culverts. Damages to building is estimated at $3,615,376.00 XCD.

Housing

- Reported losses include damage to roofs and walls of dwelling houses.
Monetary donations to support CDEMA's response operations may be made to:

Regional Coordination:
✓ Executive Director of CDEMA, Ms. Elizabeth Riley is currently in Saint Vincent and Grenadines on a High-level Mission in support of the country and would be heading to Grenada on July 10th.
✓ A SAVINGRAM on the impact of hurricane Beryl on CDEMA Participating States and the status of the relief effort was prepared by CDEMA and dispatched to CARICOM Heads of Governments, Management Committee of the Council of CDEMA and the National Disaster Coordinators of CDEMA Participating States.
✓ CDEMA has been coordinating the deployment of Rapid Needs Assessment Teams (RNATs), CARICOM Operational Support Teams (COST) and CARICOM Disaster Relief Units (CDRU) to Grenada and St. Vincent and the Grenadines. The deployments are being supported by the Caribbean Development Bank (CDB) and the governments of the UK and Canada.
✓ A Transshipment Hub has also been operationalised in partnership with World Food Programme (WFP) and with the support of the Bridgetown Port. A Surface Market Place (SMP) and Information Management Logistics System (IMLS) have also been operationalized.
✓ The Regional Coordination Center (RCC) remains activated to support the affected Participating States.

Relief and Logistics Thematic Group
✓ The Relief and Logistics Thematic Group co-chaired by CDEMA & the WFP set up a Relief Transshipment Hub at Shed 1 of the Barbados Port Inc on Thursday 4 July. Food items procured by WFP were packaged and dispatched to Grenada and Saint Vincent and the Grenadines on 7th - 8th July. Hub operations have been supported by the Barbados Defence Force, and volunteers from the Barbados Red Cross, Duke of Edinburg Award Scheme, Rotary Club of Barbados, Canadian Women's Club of Barbados, Red Advertising and the Church of Latter-day Saints.

Emergency Telecommunications
✓ A CARICOM Emergency Telecommunications Team (CETT) was deployed to St. Vincent and the Grenadines with telecommunications supplies that include Mobile Communications Systems comprising telephones, a laptop and power supply, a Starlink Satellite Internet Device and a Solar Powered Generator.

Rapid Needs Assessment Team (RNAT) Deployment to Grenada and St. Vincent and the Grenadines:
✓ A Rapid Needs Assessment Team (RNAT) was deployed to St. Vincent & the Grenadines on July 2nd, 2024, via the Guyana Defence Force Air Corps and facilitation by the RSS. A Rapid Needs Assessment Team (RNAT) was deployed to Grenada on July 5, 2024. Additional team members joined on July 6th and 7th.

CARICOM Disaster Relief Unit (CDRU) to St. Vincent and the Grenadines:
✓ A CDRU Team, led by the Antigua and Barbuda Defence Force, was deployed to St. Vincent and the Grenadines on July 2, 2024. The 23-member team includes the St. Kitts and Nevis Defence Force, The Royal St. Christopher and Nevis Police Force, the Royal Police Force of Antigua and Barbuda, the Antigua and Barbuda Defence Force, the Barbados Defence Force and the Barbados Fire Service. The CDRU has commenced the establishment of a Logistics Hub on Union Island.
✓ Commenced the establishment of a base camp, warehouse as well as security arrangements on the ground including with volunteers and supported the collection of relief supplies from the French vessel Dumont D'urville at Mayreau.
CARICOM Disaster Relief Unit to Grenada:
✓ A CDRU Team is being deployed to Grenada. The first batch of the Team arrived 5 July from the Saint Lucia Fire Service, the Royal Saint Lucia Police Force and the Dominica Fire Service. The second portion of the team arrived 8th July 2024.

CARICOM Operational Support Team (COST) to Grenada:
✓ A two-member CARICOM Operational Support Team (COST) from the Office of Disaster Preparedness and Management, Trinidad and Tobago was deployed to Grenada on 5 July, 2024. Another COST team member will be deployed on 9th July from the Saint Lucia National Emergency Management Organisation (NEMO).

CARICOM Operational Support Team (COST) to St. Vincent and the Grenadines:
✓ A three-member COST (from Barbados, the British Virgin Islands and the RSS) is being deployed to St. Vincent and the Grenadines. The RSS representative arrived 5th July and commenced support to the NECO.

Regional Security System (RSS) Deployment to Grenada and St. Vincent and the Grenadines:
✓ A 58-member security team consisting of a military and police platoon was deployed to Grenada (26 personnel) and St. Vincent and the Grenadines (32 personnel) on 6 July, 2024. Members are from Antigua and Barbuda (18-Antigua and Barbuda Defence Force; 15 Police Force), Barbados (13-Barbados Defence Force), and Saint Lucia (10-Police Force).

Relief Supplies and Additional Support from CDEMA PS
✓ Anguilla Executive Council has approved EC $250,000 each for Grenada and St. Vincent and the Grenadines to support relief and recovery efforts.
✓ Antigua and Barbuda is coordinating with the RCC to send four (4) 20-foot containers of water to the affected States (2 containers to Grenada and 2 containers to St. Vincent and the Grenadines).
✓ Barbados, through the Barbados Water Authority (BWA), is coordinating with CAWASA and the RCC to provide 2 water trucks to the affected States (1 truck for Grenada and 1 truck to St. Vincent and the Grenadines), to support water distribution on the impacted islands of the Grenadines.
✓ Guyana is providing relief supplies including food and construction materials to the affected States, via two (2) vessels, scheduled to arrive in St. Vincent and the Grenadines on 10th July and Grenada on July 12th.

Support by CDEMA Participating States & Partners

Airlink
✓ Coordinating with CDEMA to transport relief supplies to affected States.
✓ Support for transportation of humanitarian actors.

Global Empowerment Movement (GEM)
✓ Coordinating with CDEMA to deliver 30 pallets of Family Necessities Boxes to SVG and GRN. Boxes include food and hygiene items and water.
Support by CDEMA Participating States & Partners

CARICOM Public Health Agency (CARPHA):
✓ Provided a WASH specialist for the RNAT currently deployed in Grenada
✓ CARPHA’s referral laboratories are available for rapid testing of clinical, food, water and environmental samples as needed
✓ A Multisectoral Rapid Response Team (RRT) ready to deploy as requested, to provide support in diseases surveillance, food safety, vector borne prevention and control, environmental health.
✓ Letters of support to Ministers of Health of affected Member States (MS) and ongoing communications with Chief Medical Officers (CMOs).
✓ Other support currently being prepared includes:
  ▪ Guidelines on health, vector borne, food safety and post hurricane disease for dissemination by social media.
  ▪ Public health guidelines re: portable toilets.
  ▪ A package of supplies to support public health response.

Caribbean Agriculture Research and Development Institute (CARDI)
✓ Provided an agriculture specialist for the RNAT deployed to Grenada.

Organisation of Eastern Caribbean states (OECS)
✓ Provided an environmental specialist, deployed to Grenada on the RNAT team.

CARICOM Regional Fisheries Mechanism (CRFM)
✓ Coordinating with CDEMA to deploy a fisheries specialist with the Grenada RNAT.

Caribbean Tourism Organisation (CTO)
✓ Provided a tourism specialist to be deployed to Grenada as part of the RNAT.

Caribbean Centre for Renewable Energy and Energy Efficiency (CCREE)
✓ Providing 30 solar-powered lanterns and 30 power-banks to aid relief efforts in Grenada and St. Vincent and the Grenadines.

CCRIF
✓ Assessing the possibility of payouts to the impacted States.

Global Support Development (GSD)
✓ Donation of NFIs to CDRU in Union Island (items/quantities included 200 hygiene kits, 200 shelter units, 99 cleaning kits, 440 tarps)
✓ Provided 50,000 litres water as well as a tap stand and six (6) taps to a shelter (Bougainvillea Hotel) in St. Vincent & the Grenadines, as well as cleaning of existing water tanks (100,000-gallon capacity) and repairs to existing water pump.
✓ Transport of RNAT from SVG to Union Island.
✓ Delivery of Non-Food Items (NFIs) to CDRU on Union Island.
✓ Providing roto wing support to facilitate movement of key personnel between Union Island and St. Vincent mainland.
IOM
✓ Chaired a coordination meeting held today (8th July) for agencies to update on what assessments they are conducting, learn who is distributing what and to where and to have an early discussion on reconstruction.

MapAction
✓ Ongoing support through the development of map products for the affected States and the RCC to inform decision-making.
✓ Provided a GIS specialist to deploy with the Grenada RNAT.

Tropical Shipping
✓ Activated the MOU with CDEMA and is coordinating with the Regional Coordination Centre (RCC) to support transportation of relief supplies from CDEMA PS to Grenada and St. Vincent and the Grenadines.

PAHO
✓ Samaritan Purse has established a field hospital in Grenada (Carriacou) and is establishing one in Saint Vincent (Union Island).
✓ EMT teams have been deployed as follows:
  • One EMT T1 (Fixed) deployed to Carriacou
  • One EMT T1 (Mobile) deployed to Carriacou and Petite Martinique
  • One EMT T1 (Mobile) deployed to Union Island
✓ Preliminary assessment is available for 49 health facilities in St Vincent and the Grenadines, of which 38 (78%) is operational, however most of them suffer some form of damage such as: roof damage, roof leak, no power, issues with water and electricity, damage to doors and windows.
✓ Of the 41 health centers with preliminary assessment in Grenada, 37 (90.2%) are operational, however some suffered damage and, in some cases, operating without electricity. Water is trucked to the facilities that are without running water.
✓ Rapid assessment of WASH in Health Sector by the PAHO expert deployed as part of the Rapid Needs Assessment Team (RNAT) is completed for St Vincent and the Grenadines and expected to return to Barbados today, 8 July 2024.
✓ PAHO logistics expert arrived in Barbados and a four-member deployment team are being deployed to St Vincent and the Grenadines started yesterday, Sunday, 7 July 2024 with the final person arriving Wednesday, 10 July 2024.

REACT Disaster Response (UK)
✓ A two-person recce team here in Barbados and a second recce team currently in transit to the area.
✓ Two (2) four-person response teams on standby in the UK ready to deploy immediately, who can support Situational Awareness, Incident Management and “last mile” logistics.

United Kingdom Foreign and Commonwealth Development Office (UKFCDO)
✓ Delivered relief supplies (400 coverage kits and 810 buckets) to St. Vincent & the Grenadines and Grenada via the vessel "Midgard Jerry", from stocks prepositioned in Antigua and Barbuda.
✓ Financing for the deployment of RRM teams to St. Vincent and Grenadines and Grenada.
✓ 500,000 Great Britain Pounds were released for Beryl response.
✓ Relief supplies (shelter kits and buckets) have arrived in Grenada and St. Vincent and are being distributed.
Support by CDEMA Participating States & Partners

United Nations Office for the Coordination of Humanitarian Affairs (UNOCHA)
✓ Provision of a 12-person base camp deployed to Grenada.
✓ Providing two (2) IM specialists to support information management in the EOC.
✓ Agencies completed the CERF discussions this morning regarding allocations and will submit to the CERF secretariat today for approval.
✓ WASH is priority area.
✓ Encouraged actors to register with OCHA.

UNICEF
✓ Supplied dignity kits (846) and started distribution to affected residents. Distribution is expected to start in Union Island tomorrow (July 9th).
✓ Together with CDEMA and the Caribbean Safe School Initiative focal points, UNICEF is supporting the rapid assessment of the situation in the affected areas.
✓ Pre-positioned supplies of school and recreational kits available for students and teachers.
✓ Has teams on stand-by to support the roll out of MHPS and Return to Happiness (RTH) programme, and establishment of Child Friendly Spaces within the shelters, in collaboration with the education sector.
✓ Has shipped dignity/hygiene kits to St. Vincent and the Grenadines for the benefit of 846 families.
✓ Has teams on standby to provide technical assistance in the design of new or expansion of cash transfer for affected households
✓ One (1) person deployed to Grenada as part of RNAT supporting shelter assessment from child lens.
✓ One (1) person deployed on RNAT to Grenada supporting WASH assessment. Also deployed its regional WASH manager to support WASH coordination in countries.

USAID
Summary of USAID Bureau for Humanitarian Assistance (BHA) activity responding to Hurricane Beryl as of 8 July 2024:
✓ For the past week, USAID/BHA has had three field teams on the ground – one each in Jamaica, Grenada, and St Vincent & the Grenadines – coordinating with local officials and assessing the situation.
✓ WFP/Caribbean – USAID/BHA is funding US$100,000 for Logistics support to emergency operations in Grenada and St. Vincent & the Grenadines
✓ WFP/Caribbean – Through its long-term award with WFP, USAID/BHA is supporting the WFP-CDEMA Logistics System (CLS), with Barbados as a regional hub where relief supplies are being consolidated and sent to forwarding hubs in Grenada and SVG.
✓ Caritas Grenada – USAID/BHA is funding US$150,000 for Shelter and WASH materials for 400 households (1,600 people) on Carriacou island. Distribution is ongoing and is scheduled to be completed this week.
✓ Red Cross Grenada – USAID/BHA is funding US$100,000 for its initial relief operations, including Shelter NFIs, WASH NFIs, Multipurpose Cash, and Psychosocial Support.
✓ Red Cross St. Vincent & the Grenadines – USAID/BHA is funding US$100,000 for its initial relief operations, including Shelter NFIs, WASH NFIs, Food, and Psychosocial Support.
✓ Additional USAID/BHA funding and programming announcements related to Jamaica, Grenada, and SVG are expected soon.
Support by CDEMA Participating States & Partners

World Food Programme (WFP)
- The Surface Market Place (SMP) was set up and begun operation on Saturday 6th July. Have started to receive requests at the SMP.
- The ship “Gemstar” has transported supplies to Grenada and St. Vincent and the Grenadines from WFP, CDEMA, Barbados Department of Emergency Management, PAHO IOM and the Red Cross; includes six (6) Mobile Storage Units (MSU), which provide 1500 sq. metres of storage space, 3 trucks and forklifts.
- Forward distribution hubs have been established in affected states.

Embassy of Japan, Trinidad and Tobago
- Japan has planned to deliver relief supplies on the morning of 10th July, which will be going direct to St. Vincent and the Grenadines.

For the past updates on support from Regional Response Mechanism (RRM) partners, please see below links to previous Situation Reports: Please note that a detailed list of the support will be updated and shared with all partners.
