Hurricane Beryl has moved out of the area and is no longer a threat to Caribbean States that are a part of the Caribbean Disaster Emergency Management (CDEMA) System. Following the passage of Beryl and its impact on ten (10) Participating States, the focus is now on assisting Grenada and its Grenadines of Carriacou and Petite Martinique, and the Grenadine islands of Bequia, Union Island, Canouan and Mayreau in St. Vincent. Assessments continue in Jamaica and the Cayman Islands to determine damage and inform response and early recovery actions.

CDEMA Participating States as well as the regional and international partners continue to support the ongoing response efforts being coordinated through the Regional Response Mechanism (RRM).
Situation Updates from Impacted Participating States

GRENADA

Grenada

- Grenada authorities declared the parishes of St. Patrick, Carriacou and Petite Martinique as disaster zones for three months, from July to September 2024.

- The National Emergency Operations Center (NEOC) continues to be activated and is coordinating the response to all the affected areas.

- The NEOC continues to provide regular press briefings and information to the public.

- The airport and seaport in Grenada and Carriacou remain open.

- CDRU, COST and RNAT continue to provide support to national response efforts.

- The Jetty at Petite Martinique is operational to support relief efforts.

- As of July 5, 2024, there were 17 active shelters with 500 shelterees.

- Relief supplies are being distributed to the affected.

- Limited phone and cell phone service is available on Carriacou and Petite Martinique, but Starlink services have been established.

- Health Teams from the mainland continues to travel daily to Carriacou and Petite Martinique to provide medical services.

Guidance from the Government of Grenada on Relief

The Cabinet of Grenada made the following decision 4 July 2024:

- During the period ending 31 July 2024, all relief items coming to Grenada should be addressed to the National Disaster Management Agency (NaDMA).

- Relief items coming in and addressed to individuals or other organizations will be treated as normal goods except if these are turned over to NaDMA.

- To manage the efficient coordination and logistical arrangements, vessels delivering relief items are advised that Port St. Georges is their first port of entry.
Situation Updates from Impacted Participating States

DONATIONS GRENADA

The Government of Grenada will accept cash contributions through the above bank account. Additionally, a needs list has been published above and the Government will accept contributions based on items in the list. Persons interested in making donations are advised to contact the Grenada NEOC at relief@gov.gd to indicate what will be sent before finalising shipping arrangements. Only items on the needs list will be accepted by the Government of Grenada.
ST. VINCENT AND THE GRENADINES

The following updates were provided in today, July 11, 2024:

✓ The Prime Minister of St. Vincent and the Grenadines the Honorable Ralph Gonsalves visited the Islands of Canouan, Mayreau and Union Island.
✓ Ships can enter the mainland seaport.
✓ In the 2nd week of the response, operations are becoming more streamlined, and NEMO continues to coordinate the response.
✓ The CDRU teams deployed to Union Island, Canouan and Mayreau.
✓ Shelters remain open with approximately 1000 occupants across all shelters.
✓ There was some impact on mainland St. Vincent and in the northern Grenadines. NEMO is concluding damage assessment of these areas.
✓ There were approximately 500 reports of damage to property. Once damage assessments of these areas are finished, NEMO will undertake the detailed assessment of damage on Southern Grenadines.
✓ Discussions on early recovery have commenced.
✓ There is a need for psychosocial support.
✓ Recommended consideration and additional support for sectors such as tourism and fisheries, and particularly the restoration of the livelihoods in agriculture, tourism and fisheries.
✓ Cots especially for Union Island and workmen have been identified as priority needs.

The Government of Saint Vincent and the Grenadines has expressed a preference for cash contributions and has set up a Disaster Relief Fund. Donations can be sent to the following account:

Government of St. Vincent and the Grenadines
Disaster Relief Fund
Bank of St. Vincent and the Grenadines
Kingstown, St. Vincent

FOR MORE INFORMATION, VISIT OUR WEBSITE: www.cdma.org
CDEMA Coordinating Unit (CU) and the Regional Response Mechanism (RRM)

Regional Coordination:
- Executive Director of CDEMA, Ms. Elizabeth Riley completed a High-Level Mission of St. Vincent and the Grenadines from July 8-10 and is currently on mission in Grenada. She met with Senior Government Officials, National Disaster Offices and members of the teams deployed.
- Executive Director of CDEMA, Ms. Elizabeth Riley and the Director for NEMO SVG, Ms. Michelle Forbes visited the islands of Canouan, Mayreau and Union Island.
- CDEMA coordinating the deployment of Rapid Needs Assessment Teams (RNATs), CARICOM Operational Support Teams (COST) and CARICOM Disaster Relief Units (CDRU) to Grenada and St. Vincent and the Grenadines. The deployments are being supported by the Caribbean Development Bank (CDB) and the governments of the UK and Canada.
- A Transshipment Hub continues to be operational in partnership with World Food Programme (WFP) and with the support of the Bridgetown Port. A Surface Market Place (SMP) and Information Management Logistics System (IMLS) has been launched and operational.
- The Regional Coordination Center (RCC) remains activated to support the affected Participating States.

Relief and Logistics Thematic Group
- The Relief and Logistics Thematic Group co-chaired by CDEMA & the WFP set up a Relief Transshipment Hub at Shed 1 of the Barbados Port Inc continues to be operational. Another shipment of food items is being coordinated and is scheduled to arrive in Grenada and St. Vincent and the Grenadines on July 12.

Rapid Needs Assessment Team (RNAT)
- The Rapid Needs Assessment has been completed in both Grenada and Siant Vincent and the Grenadines and the report are being finalized. However, some additional areas were identified for assessment and additional personnel is being deployed.

CARICOM Disaster Relief Unit (CDRU) to St. Vincent and the Grenadines:
- Union Island and Canouan
  - The CDRU were involved in debris and garbage removal, preparation and distribution and security of relief supplies.

CARICOM Disaster Relief Unit to Grenada:
- A CDRU Team of 20 is on the ground in Grenada supporting emergency relief, warehousing and logistics. Seven personnel in Mainland Grenada and 13 in Carriacou.
- The Team in collaboration with WFP assisted in the setting up the A Materials Supply Unit on July 12, 2024, to coordinate the collection, sorting and distribution of relief items to affected residents.
- Assisted the Carriacou Emergency Coordination Centre with establishment of a field hospital on July 10, 2024.
- Supporting the receipt, sorting and packing of relief supplies at NaDMA alongside providing the NEOC with technical support as it relates to data capture, collation and display for reporting.
- Assisted NaDMA with the collection, sorting and packaging of relief items at HQ Warehouse Facility.
- Assisted the Shelter Coordinator at Carriacou to create a basic shelter management database to capture and report on disaggregated information for both government and popup shelters to strengthen management systems.
CARICOM Operational Support Team (COST) to Grenada:
- A three-member COST from the Office of Disaster Preparedness and Management, Trinidad and Tobago and the Saint Lucia National Emergency Management Organisation (NEMO) is on the ground supporting the NEOC.

CARICOM Operational Support Team (COST) to St. Vincent and the Grenadines:
- A two-member COST from the Department of Emergency Management (DEM) Barbados and the Regional Security System is supporting the NEOC in Union Island and Mainland SVG.

Regional Security System (RSS):
- A 58-member security team continues to provide support to Grenada and SVG.
- RSS continues to provide aerial support to the RRM in the movement of response personnel and supplies.

Relief Supplies and Additional Support from CDEMA PS
- Anguilla Executive Council has approved EC $250,000 each for Grenada and St. Vincent and the Grenadines to support relief and recovery efforts.
- Antigua and Barbuda is coordinating with the RCC to send four (4) 20-foot containers of water to the affected States (2 containers to Grenada and 2 containers to St. Vincent and the Grenadines).
- Barbados, through the Barbados Water Authority (BWA), is coordinating with CAWASA and the RCC to provide 2 water trucks to the affected States (1 truck for Grenada and 1 truck to St. Vincent and the Grenadines), to support water distribution on the impacted islands of the Grenadines. The DEM provided twenty-five cots that were shipped to Grenada.
- British Virgin Islands provided two containers of relief supplies to be shipped to affected islands: one for Grenada and one for SVG.
- Guyana is providing relief supplies including food and construction materials to the affected States, via two (2) vessels, scheduled to arrive in St. Vincent and the Grenadines on 10th July and Grenada on July 12th. Guyana has also offered 250 cots to St. Vincent and the Grenadines.
- The Government of St. Lucia donated one container of rice and sugar to Grenada.

Caribbean Electric Utility Services Corporation (CARILEC)
- An operational WhatsApp group chat was set up following the passage of Hurricane Beryl, in addition to the standing CARILEC Disaster Coordinators WhatsApp group, specifically for the coordinating the restoration plans and activities including T&T (Trinidad & Tobago), GRENLEC (Grenada), VINLEC (St. Vincent and the Grenadines), LUCELEC (St. Lucia), BLPCO (Barbados) and DOMLEC (Dominica).
- A LUCELEC team of six arrived in Grenada on July 10.
Support by CDEMA Participating States & Partners

✓ A BLPC team of five (5) people will arrive in Grenada on Friday, July 12, 2024, and will depart on July 25.
✓ T&TEC of Trinidad and Tobago is working to send a team of 18 people for a period of three (3) to four (4) weeks. Equipment and materials will also be transported to support the restoration works, including a digger derrick and bucket truck, and wires.
✓ A DOMLEC team of four people are scheduled to arrive Grenada on Friday, July 12, 2024.

Caribbean Climate-Smart Accelerator
✓ Will launch GlobalGiving page to support the response and relief efforts in the aftermath of Hurricane Beryl.

CARICOM Private Sector Organization and OECS
✓ Donations from the St. Lucia Private Sector to Grenada including one container of food and pharmaceuticals compliments Massy St. Lucia and two containers of water compliments Goddards Group.
✓ Previous shipments from the regional private sector have included fibre optic cables (for Grenada), a container of water (for SVG) and generators from Barbados, as well as donations for food items and construction materials from Trinidad and Tobago private sector.

Caribbean Water and Storage Association
✓ Coordinated with CDEMA and the Barbados Water Authority (BWA) to ship water trucks from Barbados to Union Island.

Direct Relief
✓ 20 Tents were delivered to the Ministry of Health (MOH) in Grenada on Monday, July 8 and 20 tents to the MOH in St. Vincent on July 10.
✓ Direct Relief in collaboration with OECS Pooled Procurement Services pledged two 20ft refrigerated containers, one for Grenade and one for SVG.

European Union
✓ A total of EUR 450 000 was allocated to WFP for the response in Saint Vincent and the Grenadines and Grenada. Additionally, a total of EUR 100 000 has been reallocated form other activities under an ongoing ECHO funded WFP project for cash in shelter.
✓ ECHO has also replenished the DREF component of the IFRC Emergency appeal for Hurricane Beryl for an amount of EUR 200 000. The operations will provide humanitarian assistance in Jamaica, Barbados, Grenada and Saint Vincent and the Grenadines.
✓ On 4 July, France made an offer of shelter and non-food items via UCPM in support of Grenada and Saint Vincent and the Grenadines. The relief items were accepted by the countries, around 20 metric tonnes, and were distributed by the navy vessel Dumont D’urville during 5-8 July.
✓ On 10 July, Ireland made an offer via UCPM consisting of WASH and shelter items, as well as tools and generators for Grenade and Saint Vincent and the Grenadines. The assistance has been accepted and transport arrangements are being finalized.
As of July 11, 2024, the ERCC has deployed two environmental experts from Sweden and Germany to Jamaica and Barbados, respectively, as well as a debris waste management expert from Sweden to Grenada. The ERCC has also selected an additional debris waste management expert from Spain. Arrangements on deployment destination are still ongoing.

EU Copernicus Emergency Management Service was activated on 1 July to support the damage assessment (EMSR734). As of 11 July, 15 satellite maps have been produced in total, some indicating significant damage to buildings on the mapped islands.

**FAO**

- Two FAO Emergency Specialists have been deployed, one in Jamaica and one in Barbados, to support both emergency response operations (needs assessments, resource mobilization, partnerships and humanitarian coordination).
- FAO Regional Emergency Specialist for the Caribbean has traveled from 7th to 13th of July to support the rapid needs assessment exercise in Jamaica (additional information about the MIRA above).
- In addition to supporting field-based damage and needs assessments FAO is also supporting drone (where applicable) and satellite remote sensing analysis to support disaster needs assessment and response and recovery planning.
- FAO has mobilized internal funding under its Special Fund for Emergency and Rehabilitation Activities (SFERA) – capacity building window to support emergency coordination and response capacities in Jamaica, Grenada and St. Vincent and the Grenadines. This support will include rapid recruitment and deployment of key emergency staff, field missions and logistics and capacity building / technical assistance activities.

**Global Support Development (GSD)**

- Aviation support to 42 stakeholders (including the RNAT, CDRU, CDEMA, NEMO) with air transfers between St. Vincent, the Southern Grenadines (Union Island, Canouan, Mayreau) and Petite Martinique.
- Maritime assessments at Grenadines Wharf, Kingston Cruise Terminal, Union Island and Ashton Harbour, St. Vincent Ferry Terminal.
- Meeting immediate needs of populations in Union Island, including: NFI Support (hygiene kits, shelter kits, cleaning kits, tarps - detailed in CDEMA/WFP reporting),
- Provision of fuel and potable water for emergency shelters.
- Engineering (welding, machining, fabrication) and WASH technical support to restore power generation and provide access to potable water.

**Government of Cuba**

- An offer of food, bottled water and medicines has been made to St. Vincent and the Grenadines

**IFRC**

- Launched an emergency appeal of $4 million for GRN, SVG, BAR, JCA and SLU to assist 25,000 persons.
- Specialists have been deployed to the affected States in various areas including WASH.
- IFRC Emergency Manager and other team members deployed to Grenada and St. Vincent and the Grenadines.
- National Red Cross Societies have received grants to support their emergency response efforts- USD 100,000 to Saint Vincent and Grenadines Red Cross, USD 100,000 to Grenada Red Cross, and USD 200,000 to Jamaica Red Cross.
- The IFRC operational strategy for the response to Hurricane Beryl will be available on 12th July 2024.
IOM
✓ Released NFIs (inclusive of tarpaulins - 1000, indoor tents - 200, solar lanterns – 1000 and multi-purpose tents-6) which were sent to SVG and GRN, IOM partners in these countries have started distribution of the items.
✓ Three IOM information managers are supporting governments with monitoring emergency shelters and are developing a methodology to track people moving between the islands.
✓ Providing a specialist who will begin preparation of a plan for short term and longer-term plan for shelter in the affected States

PAHO
✓ A Health sector coordination meeting was held on July 11, 2024.
✓ Provided a health facility damage assessment expert to join the RNAT in Grenada.
✓ Specialists have been deployed to St Vincent & Grenadines: Environmental Health (1), Health Services (1), Damage Assessment (1), Mental Health and Psychosocial Support (MHPSS) (1).
✓ Utilizing the CDEMA Logistics System (CLS) for logistics coordination.
✓ Continues to coordinate with Samaritan’s Purse in the operation of field medical hospitals.
✓ Emergency Medical Teams (EMTs) remain deployed in the Grenadines including Carriacou and Union Island. Continued coordination with the MOHs and other partners in countries.

Royal Norwegian Embassy
✓ Deployed two (2) IT experts to Grenada under the United National Disaster Assessment and Coordination (UNDAC).

UNFPA
✓ UNFPA is facilitating safety audits in shelters, providing information on SRH and GBV services and distributing dignity kits, with support from the Government’s GBV Unit.
✓ UNFPA is standing by to support a GBV service mapping exercise to update referral pathways to connect GBV survivors to appropriate multisectoral services.

UNICEF
✓ UNICEF personnel deployed to Grenada as part of the RNAT to support WASH assessments. UNICEF also deployed its regional WASH manager to support WASH coordination in countries, currently in Grenada supporting the team.
✓ UNICEF shipped dignity/hygiene kits to Saint Vincent and the Grenadines to benefit of 846 families in shelters, with 94 kits distributed so far across 5 shelters and an additional 200 shipped to Union Islands for distribution with WFP.
✓ Sector partners are providing WASH support in schools.
✓ Mobilizing teams to support areas that include Mental Health and Psychosocial Support (MHPSS), the establishment of Child-Friendly Spaces within the shelters and the roll out of Return to Happiness (RTH) programmes, based on requests from the governments of the affected States.
✓ Organising WASH coordination meetings for Grenada (12 July) and St. Vincent and the Grenadine (week of 15-19 July).
UN Women

- UN Women to distribute locally procured “Share the Care” Packs for shelters, including Cedar’s Home and to Carriacou and Petite Martinique. They have conducted site visits to three elderly care homes and donated adult diapers and shipped “Share the Care” on 9 July to Carriacou for distribution on 10 July.
- A UN Women team of four is supporting clean-up efforts in Carriacou and a team visited Cedar's Home on 8 July, delivering “Share the Care” and a 1500-watt solar generator.

USAID

Summary of additional USAID Bureau for Humanitarian Assistance (BHA) activity responding to Hurricane Beryl:

- USAID will provide $4.5 Million in immediate humanitarian assistance for countries impacted by Hurricane Beryl specifically Grenada, Jamaica and St. Vincent and the Grenadines.
- Activities include but is not limited to: A) Ongoing and continuing relief activity by the Red Cross Societies of Jamaica, Grenada, and SVG, with a predominant focus on Shelter and WASH NFIs.
- Delivery and consignment of 4m-by-6m USAID plastic sheeting and household repair kits to the national disaster agencies of Jamaica, Grenada, and SVG – 10,000 plastic sheets and 5,000 repair kits to Jamaica; 5,000 plastic sheets and 2,500 repair kits to Grenada; and 5,000 plastic sheets and 2,500 repair kits to SVG. USAID/BHA has been coordinating with officials from the three affected host country governments to be able to ship and transfer these materials quickly.
- USAID/BHA partner Airlink is continuing to provide critical airlift and logistical support to responding NGO partners. So far Airlink has transported over 30 responders from 6 NGO partners to affected countries, with additional requests pending, and has started airlifts of relief supplies to SVG.

World Food Programme (WFP)

- Information management and coordination: established thrice weekly CDEMA-WFP Logistics Cell Group. Two meetings so far with presence of 45 people per call.
- Support to countries with end-to-end supply chain visibility to facilitate informed decision making through the CDEMA—WFP control tower to enable response planning and optimization.
- The CDEMA-WFP Common Logistics Service commenced on Saturday 6 July carrying the approximate equivalent of 8x20ft containers of relief supplies on behalf of CDEMA/DEM, PAHO, RC, UNICEF and IOM. The supplies were delivered, and the ship returned to Bridgetown for reloading on July 11th.
- CDEMA-WFP currently have a consolidation hub at Barbados Port and currently standing up additional warehousing and transport support in Carriacou and plans to do so for SVG amongst other locations.
- Dispatched 6 mobile storage units providing approximately 1,500sqm of storage space in addition to 3 trucks and 3 forklifts.
